

Issue	Trends & Analysis									Design & Technology				Specials (China edition only)	Trade Show Distribution
	Spotlight	China Focus (China edition only)	Cover Story	Design Trends	Opinions	Interview	Building Blocks	Analog	Vital Signs	Design Corner	China Original Design (China edition only)	Peer-to-Peer (China edition only)	Teardown		
<b>January</b> Booking deadline: November 20	Outlook 2010	Outlook 2010	•	•	•	•	•	•	•	LED backlight Low-power MCU Mobile OS ePaper Signal integrity	Power amplifier	2009 year in review	•		
<b>February</b> Booking deadline: December 21	Lighting technologies	IIC-China 2010 Spring show preview	•	•	•	•			•	Touch sensing USB3.0 Solid-state drive 3GPP-LTE DSP	Mixed-signal IC	HDMI vs. DisplayPort	•		
<b>March</b> Booking deadline: January 18	Portable power	High speed interface	•	•	•	•	•	•	•	Mobile TV Automotive network MEMS sensor HDMI 1.4 RF/microwave test	Switching regulator	New design ideas for 2010	•	Great Minds Online	IIC-China/Components Zone (Mar 4-5, Shenzhen) IIC-China/Components Zone (Mar 11-12, Chengdu) IIC-China/Components Zone (Mar 15-16, Shanghai) Electronica & Productionica China 2010 (Shanghai)
<b>April</b> Booking deadline: February 22	Wireless broadband	MCU	•	•	•	•			•	OLED MOSFET Thermal management PCI Express 3.0 RFID	Power management	Embedded systems	•		75th China Electronics Fair (Shenzhen)
<b>May</b> Booking deadline: March 22	Medical electronics	High performance analog	•	•	•	•	•	•	•	Amplifier Contactless charging Wireless sensor network Design verification Biometrics	Display driver	Career talk	•		
<b>June</b> Booking deadline: April 20	Green technologies	Industrial control	•	•	•	•			•	Display technology Low-power FPGA RFIC Analog signal conditioning Network security	ESD protection	Handheld applications	•	Power Technology	Computex Taipei Photonics Festival 2010 (Taipei)
